

# Standardized Patient Program for Medical Education

## Recruiting for Part Time Position: Standardized Patient (SP)

The *Standardized Patient (SP)* is an individual who plays the role of a patient in a simulated doctor–patient encounter, in order to better train future doctors for the Singapore healthcare system.

He/she is part of the *Standardized Patient Program* whereby ‘acting patients’ participate in teaching communication and clinical skills to medical students.

Join the program if you:

- Are able to speak, read and understand basic English
- Would like to help us train doctors more effectively
- Are friendly and have good communication skills
- Are 21 years and above for non NUS students
- Are 18 years and above for NUS students only

Job Description:

- To role–play a patient or patient’s relative in a clinical encounter with a medical student
- Training will be provided
- No prior experience or qualifications required
- **Commitment, reliability and punctuality are essential qualities**

If you think you are the person we are looking for, please visit <http://medicine.nus.edu.sg/corporate/> for more information and apply online or call **6772 3828 / 6772 3772** during weekdays (9am to 5.30pm) to apply.
